

Grammar, Prep

Course Description

This course will cover grammar in the English language. The students will learn the basic parts of a sentence. They will learn to diagram these various parts. They will use these skills to compile a research paper. (rubric attached) They will learn vocabulary throughout the year. They will also demonstrate speech skills at the end of the year as a lead into Freshman speech class. (rubric attached)

Course Goals

- To teach the basic parts of a sentence
- To understand how to use the parts of a sentence
- To learn the basics of diagramming sentence parts
- To compile a research paper
- To learn the basics of speech making
- To learn mnemonic devices to memorize facts (sing songs)

Course Objectives

- To understand the parts of a sentence
- To understand each of these sentence parts
- To compile a research paper on a topic of student's choice
